

Sulphur Crested Secretary

Would you prefer to get bitten on the hand than update your WIRES spreadsheet???

Try a new *unofficial* tool for managing your wildlife. Free and easy and designed for both your phone and computer!

<https://ad-le.com/scs/>

Easily view and manage all your wildlife, upload XMatters screenshots or vet paperwork so they don't sit in piles on your desk, record GPS locations, easily transfer animals amongst carers and let it do the excel exporting for you!

The screenshot shows the web application interface for Sulphur Crested Secretary. At the top, there is a blue header with the logo and name. Below the header is a search bar with the text "Search Animals" and a "Search" button. The main content area displays a grid of animal records. Each record includes an illustration of the animal, its name, and key details such as days in care, WIREs number, and location. A "View and Edit" button is provided for each record.

Animal	Details
 Enter New Animal	Laughing Kookaburra 3 days in care WIREs #2117743 View and Edit
	Little Corella 5 days in care WIREs #2117104 Found in gutter View and Edit
	Tawny Frogmouth Outcome Recorded WIREs #2116914 Recently lost home/ tree fe... View and Edit
	Rainbow Lorikeet Outcome Recorded WIREs #2113489 Concussed/ lethargic/ sleepin... View and Edit

Reduce the admin so you can spend more time singing to your birds, bats, marsupials, rodents, monotremes, reptiles, amphibians or marine animals!
